

*'Be the best that we can be'*

## **Introduction**

At Whitkirk Primary School we are committed to ensuring that all children regardless of disability, age, gender or race have full access to all aspects of school life and achieve their full potential. We endeavour to provide an accessible environment which values and includes all pupils, staff, parents/carers and visitors regardless of their educational, physical, sensory, social, spiritual, emotional and cultural needs. We are also committed to challenging negative attitudes about disability and proactively developing a culture of awareness, tolerance and inclusion.

The Special Educational Needs and Disability Act (SENDA) 2001 sets out that it is unlawful to treat a child with a disability less favourably for reasons relating to their disability. Reasonable adjustments for disabled children should be made, so that they are not at a substantial disadvantage.

Our school has a number of children with a wide range of disabilities. Reasonable adjustments and continued adaptations are made to ensure they all have equal access to all aspects of school life. This includes all aspects of our curriculum and enrichment activities.

## **Definition of Disability**

Disability is defined by the Equality Act 2010:

A person has a disability if -

- (a) the person has a physical or mental impairment, and
- (b) the impairment has a substantial and long-term adverse effect on person's ability to carry out normal day-to-day activities.

This definition can include a wide range of physical and mental impairments such as:

- Dyslexia
- Autism Spectrum Disorder (ASD)
- Speech, Language and Communication Needs
- Attention Deficit Hyperactivity Disorder (ADHD)
- Developmental Delay
- Visual Impairment

These impairments can affect their ability to carry out activities due to:

- mobility
- manual dexterity
- physical co-ordination
- memory
- concentration and sustained attention
- anxiety

## **Responsibilities**
