

Science Long Term Curriculum Plan

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
EYFS	Seasonal Change	Looking after the environment.	Seasonal Change	Seasonal Change	Mini beasts, life cycles and habitats	Seasonal Change Keeping Healthy
Year 1	Seasonal Change (Taught throughout the year) Module 1: Seasons					
	Materials Module 3: Naming and describing materials	Animals including humans Module 2: Human Body and senses	Materials Module 4: Properties and uses of materials	Plants Module 6: Identifying plants and their parts	Animals including humans Module 5: Animals (vertebrates)	
Year 2	Plants Module 3: Growing seeds and bulbs	Materials Module 2: Choosing materials	Materials Module 5: Changing Materials	Living Things and Their Habitats Module 1: Local Habitats	Animals including humans Module 4: Growing up (animals and humans)	Plants Module 6: Growing Healthy Plants
Year 3	Animals including humans Module 4: Movement and nutrition for the human body	Forces and Magnets Module 3: Forces, Friction and Magnets	Materials Module 1: Rocks, soils and fossils	Light Module 2: Light and shadows	Plants Module 5: Flowering plants and plant growth	Plants Module 6: Flowering plants life cycle
Year 4	Animals including humans Module 4: Digestion and food chains	Sound Module 5: Sound	Materials Module 1: Changes of state	Electricity Module 2: Electricity circuits	Living Things and Their Habitats Module 6: Classification of plants and animals	Living Things and Their Habitats Module 3: Human impact on the environment
Year 5	Earth and Space Module 3: Earth and space	Materials Module 2: Properties and uses of materials	Forces and Magnets Module 1: Forces and mechanisms	Living Things and Their Habitats Module 6: Human Growth	Living Things and Their Habitats Module 4: Plant and Animal Life Cycles	Materials Module 5: Separating mixtures and changing materials
Year 6	Animals including humans Module 4: Human circulation	Animals including humans Module 6: Body Health	Animals including humans Module 2: Evolution and inheritance	Living Things and Their Habitats Module 1: Classification of living things	Light Module 3: What light does	Electricity Module 5: Electricity: changing circuits
