

## All About Me!

I'm Kelly Balmforth-Smith, PTA treasurer. I work part time as a Mortgage Administrator & Quality Assurance Officer for a building society and I have a Son and a Daughter at Whitkirk.

I've been part of the PTA for a number of years, holding different positions.

Being new to the area when my Son started school, I originally joined the PTA to meet other parents, and not only did I do that I quickly became more involved. I wanted to and enjoy so much been part of a team that not only want to improve their own children's experience of primary school life but also all the other children at Whitkirk.
